

## **Position: Mill Operator**

### **Location: Eagle Mine, Upper Peninsula, Michigan, USA**

#### **General Description:**

The Mill Operator operates loaders, crushing equipment, dust collectors, conveyors, moves and loads rail cars, etc. during the operation of the Eagle Mine. The goal of each of four mill operations crews is to safely process high grade Cu/Ni ore while striving to meet and exceed operating targets. Mill operations are carried out year-round, 24 hours per day, pausing only for necessary maintenance downtime.

#### **Key Responsibilities:**

- Operates crushing system or loads rail cars with concentrate, practices good housekeeping
- Operates DCS system to start, stop, monitor, and adjust equipment for proper operation of the crushing equipment
- Uses shovels, hoses, slings, hand tools, to clean areas and performs minor maintenance
- Operates end loaders, forklifts, rail car mover, overhead cranes, rock breaker, and pick-up trucks
- Performs routine maintenance, including lubrication, of the crusher system and mobile equipment and operates within environmental permits
- Completes daily Pre-Task Hazard Assessments, daily inspects work area and corrects any potential hazards
  - Inspects fire extinguishers, safety showers, and emergency lighting for proper operation
- Cleans working, storage and other areas as required
- May be required to train or assist in training of others

#### **Skills and Competencies:**

- Able to work shift work, weekends, and holidays
- Ability to function effectively in a team environment

#### **HSE Accountabilities:**

Employees are responsible for performing all tasks in accordance with relevant HSE Site Procedures, so as to work safely and keep the workplace safe. Everyone in the workplace – both employees and employers – is responsible for his or her own safety and for the safety of co-workers. Lundin Mining Company is responsible for determining steps required to ensure health and safety of all employees. Specifically, all employees must:

- Accept personal responsibility for HSE
- Identify hazards, unsafe conditions, unsafe actions and conditions that could result in damage to property, injury or impacts to the environment.
- Obey any instruction issued to protect their own personal health and safety, and the health and safety of others.
- Report, as soon as practicable to their Manager any situations where HSE requirements are not being conformed to within their work area.
- Avoid endangerment to any other person through any act or omission
- Use equipment correctly, particularly that provided for health, hygiene and safety purposes.
- Report all incidents
- Participate in HSE training provided to them
